EXCURSIONS, INCURSIONS and SCHOOL ACTIVITIES

Dear Parents and Carers,

Throughout your child's enrolment at Our Lady of Lourdes School, classroom teachers will enhance lessons and routines with visiting presenters ('incursions') and activities delivered off site ('excursions'). Incursions and excursions are designed and safely delivered to the same standard as regular classroom instruction and in accordance with CECWA Policy. All school activities, regardless of who delivers them or where, are part of your child's compulsory education programme and therefore participation is expected.

You will always be notified of excursions and incursions in advance, but specific permission will not be sought if the activity forms part of the Education Program of the school. A written note will include information for you in relation to the location, transport and purpose, so you can prepare your child and to enable you to inform the teacher of any issues relevant to the safe and full participation of your child.

Please confirm your understanding of the requirement for your child to participate in incursions and excursions, and your obligation to inform the school of any changes to your emergency contact and health information.

Yours sincerely

Angela Hegney

Principal

Please return the section below to the school office by Monday 9 March

I understand that my child _____, School Year _____ must participate in incursions, excursions and other activities as part of their education programme and I will notify the classroom teacher of any information relevant to their safety and wellbeing.
