

## Term One in Pre Primary

### **Literacy**

We have been working every day on learning our alphabet and hearing the sounds in words. We can blend sounds together to make words, and can pull words apart into their separate sounds. We are exploring a different book each week. We retell the story through sequencing activities, share our thoughts about the book through drawings and discussion, and love acting them out. Our favourites are "The Gruffalo" and "We're Going on a Bear Hunt".

### **Mathematics**

We have been using our Interactive Whiteboard to help us with our counting, subitising and 1-1 correspondence. There are so many fun games to play! We set up a shop in our classroom and enjoyed role playing shop keeper and customer.

### **Religious Education**

We have been learning about how Jesus showed love for others and how we can walk in his footsteps. We have learnt many fun songs and prayers.

### **HASS**

In HASS we are discussing the places people live in and belong to and the familiar features in the local area. We had fun looking up our school on Google Earth. We look forward to going on a walk through our community very soon to find out what services Dardanup provides.

### **Health and Physical Education**

We have started each day with a session of PMP. Thank you to all the Mums and Dads who have come throughout the term to help us develop our body management skills. We are learning about feelings and how we can tell how another person is feeling. We have read lots of stories to help us understand our feelings and the feelings of others.

### **Digital Technologies**

We have been learning how we can be responsible digital citizens. We have been using Beebots and I pads during integrated learning times throughout the day.

What an awesome start to the year we have had! We have adjusted so well to Pre-Primary.

Mrs Thompson, Mrs Sabatino and Mrs Brady are so proud of all of us.
