

PRE-PRIMARY

TERM 1, 2021

We have made a wonderful start to our year in Pre-primary! We love singing, dancing, creating, playing and learning every single day.

Literacy

We love reading books. “We’re Going on a Bear Hunt” is one of our favourites. We showed fabulous teamwork when we worked in groups to create a story map of the bear hunt. We are trying so hard to learn all the sounds of the alphabet, and how sounds work together to make words.

PMP

We have practised using our gross motor skills every morning during PMP, getting our brains and bodies ready for learning. We enjoy all the different activities!

Maths

We love playing number games. Mystery Number and Bingo are two of our favourites. We also enjoy counting games using our Interactive Whiteboard.

We made pancakes for Shrove Tuesday. It was fun measuring out the ingredients and working out when to flip our pancakes. They tasted yummy!

We enjoy hearing stories about Jesus and how he loves us. We try to demonstrate the spirit of Jesus every day. We are learning all about the meaning of the story of Easter.
