

PRE-PRIMARY ADVENTURES

We have been having an amazing time learning in Pre-Primary! Mrs Lucas and Mrs Trigwell have been extremely impressed with the way we have settled into full time schooling so beautifully.

This term we have been looking at the importance of our families and how every family is unique and different. We have been looking at why it is important to feel loved and belong. We realise that every family member has an important role in our lives, even our amazing pets.

We love putting on our chef hats and cooking on Fridays. We help Mrs Brady measure, mix and create lots of yummy treats. We are getting good at writing about our cooking and sounding out our words.

PMP has been a fun part of our morning routine. It helps us develop our coordination, fitness, balance, eye-tracking and locomotion skills.
