

## Pre-Primary

### Term 3

#### Religion

In the Baptism unit, we learnt how people are known by their names. We learnt the story of how Jesus was given his name. We learnt that through Baptism, children are welcomed into God's family. In the Reconciliation unit, we are learning about how families are important and different from one another.

#### Physical Education

The students participate in daily gross motor and fine motor activities to improve their fundamental movement skills (running, skipping, jumping, balancing, core strength) as well as building their muscles for writing tasks.

#### Digital Technologies

In Digital Technologies, students have been learning how to give commands and make simple algorithms on the Scratch Jnr and Beebot games.

#### Literacy

In Literacy, we continue to practise blending and segmenting of consonant-vowel-consonant words and using them in writing activities. We have been retelling events from our weekend and have been learning to write a recount. This term, we have been exploring Nursery Rhymes and Fairytales. We have been cooking gingerbread men and growing beans. We have been learning simple poems and creating artworks about the characters.

#### Maths

We have been learning about patterns and sequencing. In number, we have been practising our addition and using a number line. We have also explored mass and capacity.
