

Pre Kindergarten

We have so much fun in Pre Kindy! We love to listen to stories and create masterpieces at the craft table. We made boats after reading "Who sank the boat" and bears walking through long swishy grass after reading "Going on a bear hunt". Our friends in Year One came to visit and we loved showing them our favourite songs and dances that we have learnt. We love to sing "There was an old man named Michael Finnegan". It is very funny! Last week it rained and rained and we loved watching the puddles being made in the playground!
