

The Wonderful Year 1's

Meet our beautiful Year 1 class!

We may have only been in Year 1 for a short time, but we have been very busy learning so many new things!

During our writing lessons, we have been writing lots of recounts. We have been learning the importance of leaving spaces between our words, so that we, and others, can read what we have written. We are also learning about the different sounds each letter can make and practise our spelling each day.

In Literacy we have carried out an author study on the very famous Australian author, Mem Fox. She has written so many wonderful books and we have enjoyed getting to know her and sharing her books.

During Maths, we have been playing some fun maths games to help us learn basic number facts. We have been learning to skip count by 2's, 5's and 10's. We are also learning about place value, addition and subtraction.

In Science we have been closely observing the external features of minibeasts and learning how to do labelled scientific diagrams of these creatures. We loved setting up the worm farms and researching what foods they eat.

We have also been discovering lots of things about bubbles. We had so much fun finding out what things we could use to make bubbles with. Everyone came up with different ideas. Cookie cutters, pipes, hair lackies, egg flips, tennis rackets and bottle openers were just a few of the things that can be used to make bubbles.
