

YEAR 1 NEWS

We have hit the year in a hive of activities! We have spent the first half of the Term transitioning from PP to Year 1. With so much to learn and new things to organise we have worked on these step by step.

ENGLISH

English has lead us to read some buzzing fairytales. We have been learning how to sequence the parts of the stories. Our spelling has moved to some outdoor sensory fun learning.

We practise our sounds of words every day, blending them together to create new words for us to write.

HASS AND RELIGION

In HASS we have been learning how time passes, the days, months and seasons of our year. Comparing Indigenous seasons to ours has been a fun learning experience.

In RE, we have been learning how we treat others kindly, greeting them in ways God would have, As Lent has began we discuss Lent and forgiveness.

MATHEMATICS

Sharing our learning with our class buddies is a great way to explore number. We have talked about the likeliness of an event happening using words like maybe, never and likely.
