

# Welcome to Year One

Year One is always buzzy with fun filled learning.

We have hit the year in a hive of activities! We have spent the first part of the Term transitioning from Pre Primary to Year 1. With so much to learn and new things to organise we have worked on these step by step

Sharing our learning with our class buddies is a great way to explore number. We have talked about the likeliness of an event happening using words like maybe, never and likely.

English has taken us to read some buzzing stories. Talking and acting out stories helps us to dive into our imaginations to create stories.

We have been learning how to sequence the parts of the stories. Our spelling has moved to some outdoor sensory fun learning.

We practise our sounds of words every day, blending them together to create new words for us to write.

Exploring a range of platforms keeps us learning in new ways. Digital technology is very exciting! Learning how to navigate online learning has created some fun activities to share with our parents.
