

**BE
kind
to everyone**

In Year One

Moving into Year One brings so many new things to tackle. We have learnt how to manage our own belongings, sitting at desks and learning work in different books.

CLASS PURPOSE

We come to school to learn, be kind with our friends so we can be a good person.

Do you know what happens in Year 1?

Literacy Rotations provide our learning with a setting of different reading tasks for small groups that relate to aspects of reading and literacy such as reading independently, writing practice, comprehension, sentence building, reading to others, word work, and reading responses.

Through music and movement breaks we give ourselves time to reset. Art fills our minds with creativity, allowing us to express ourselves.
