

Year 2

Term 1 2022

We have had a wonderful start to 2022.

In Literacy , we have had a lot of fun learning about 'The Gingerbread Man' in the Talk for Writing program. We had Gingerbread men visit our classroom and leave behind clues to help us with our writing. We have used these hands on experiences to build our writing by using more adjectives to make our stories more exciting.

In Mathematics, we have been learning how to use different addition and subtraction strategies likes arrays, number lines and friends of ten. We have also learnt more about volume, capacity, mass and using a ruler.

In Geography, we have learnt about the continents and oceans around the world. From there, we learnt more about Australia. We enjoyed listening to the song 'Land Down Under' and discussed why our country has that title.

In Digital Technologies, we have been learning how we can be responsible digital citizens and who is in our online community.

In Religious Education, we have been learning about Lent and Easter.

We have started our cricket clinics and are learning new skills.
