

Year 4

This term in our classroom..

In Mathematics we have been working with fractions, decimals and financial maths. We have enjoyed our Maths talk discussions and playing Numero.

In HASS, we have been learning about the First Fleet. We all researched a convict who was sent to Australia for petty crimes and what a gruelling 8 month voyage it was on the ships!

We've had a few 'pet' friends visit our classroom, to link with our learning in English. We enjoyed having Reku the budgie for the day and Pickles the mini schnauzer coming in. We used Reku as inspiration for our class innovation 'King of the Budgies'.

It safe to say that we all enjoy using our apple pencils with our iPads! We got to put them to great use with our artwork for our Father's Day art.

Outside the classroom..

The Year 4's have loved celebrating masses this term, relishing the opportunity to receive the Eucharist after recently celebrating the Sacrament.

What fun we've had this term with Science week, dressing up for Book week and wearing PJ's to school during Wellbeing week.

Everyone had a 'hoot' running our Mercy Market stall 'Lolly Pong' raising money for the missions.

We are eagerly awaiting the Sports Carnival coming up in a few weeks and are excited to be the leaders of our Year 3 and 4 faction team games!
