

Year 5 News

The Year 5's have made a fantastic start in 2018! In Math, we have already looked at regrouping in addition and subtraction. We are also becoming experts at place value.

In Literacy, we have been using strategies to find the main idea in a text. We are in the process of writing interesting narratives.

In HASS, we are looking at the history of government in Australia, how the electoral process works and how laws are created.

During Science, with Mrs Heelan, we are learning about the different observable properties and behaviours in solids, liquids and gases.

Mr Vine comes in during the week to teach us Religion. We are enjoying getting to know our new Assistant Principal.
