

Year 5 Term 3

Year 5 have had a busy term. We were excited to present our assembly based on the Inspirational theme– Pay It Forward. Other activities during the term included Science day, Book Week and Passion and Biome projects. We have been improving our problem solving skills in Mathematics and our portrait drawing in Art. Next term, we are looking forward to our Surf camp and we are starting to think about being the Leaders in our school for 2022 and how that will look for us.
