

## Year 6 Term 3 2021

We have had such a great term in Year 6, with so many things to be involved in. These included Book Week, Prayer Assembly, Faction Fun Day and Year 6 Camp.

We just arrived back from camp and everyone enjoyed the experience. We participated in archery, big swing, crate climb, team building, pump track, lost pilot, orienteering, flying fox, abseiling, rock climbing, kite making and caving. We also went to Scitech and visited the planetarium and visited the sealife at AQWA.

We have learnt all about the Sacrament of Reconciliation in Religion. In English, we have been writing persuasive pieces and doing a class novel study on the book Holes. In Maths we have investigated angles, 2D shapes and 3D shapes.

We are looking forward to Term 4 and graduating primary school.
