

Year 6

It has been a busy year of learning and activities in Year 6! In Term 3, some of our focus areas have been:

'HOLES' by Louis Sachar - our class novel - we have worked on character profiles, chapter summaries and predictions, extended answer questions and produced artworks.

In Religious Education, we have been learning about the Sacrament of Confirmation - which we celebrated in Week 3. We are now learning about Growth and Development, which is integrated with our learning in Health.

In Mathematics, our focus has been on financial maths and measuring and drawing angles.

We are enjoying our new class reward system this term: 'Swish Basketball'. We earn 'Swish tickets' for our team and can earn rewards - such as a muffin and a milo!

We are all looking forward to Camp in Week 8, where we will get to challenge ourselves in adventure activities and develop our team building skills before we venture off to high school next year.
